

Vaipm Subprocessor List

Version 3.0 | Effective: June 6, 2026 | Classification: Public

1. Overview

This list identifies the subprocessors used by Vaigate, Inc. in connection with the Vaipm service. Per DPA Section 6, the Customer will be notified at least 30 days before a new subprocessor is added.

2. AI Platforms

Provider	Purpose	Location	Retention
OpenAI, L.L.C.	AI response collection, translation	United States	Per API terms
Google LLC (Gemini)	AI response collection	United States	Per API terms
Anthropic, PBC	AI response collection, analysis/judgment	United States	Per API terms
Perplexity AI, Inc. (Sonar API)	AI response collection	United States	Per API terms

We use commercial AI API services under terms intended to prevent submitted data from being used for foundation model training. Retention and logging policies are governed by each provider's API terms. Transmitted information may include personal data. Each subprocessor processes data only to the extent necessary for its stated purpose.

3. Infrastructure and Hosting

Provider	Purpose	Location	Retention
Amazon Web Services, Inc.	Data storage, backend processing	Japan (Tokyo)	Per DPA retention policy
Vercel Inc.	Portal hosting, technical logs	United States	Per Vercel Inc. terms
GitHub, Inc.	Source code management, CI/CD	United States	No customer data processed in principle

4. Authentication, Payment, and Communications

Provider	Purpose	Location	Retention
Clerk, Inc.	Authentication, user management	United States	During account period; auth logs per Clerk terms
Stripe, Inc.	Payment processing	United States	Per Stripe, Inc. terms
Resend, Inc.	Email delivery	United States	Per Resend, Inc. terms

Note: Cloudflare is used for DNS management only and is not listed as a subprocessor for customer data.

5. Change Notification

New subprocessors or material changes will be communicated at least 30 days in advance by email, in-portal notice, or other reasonable means per DPA Section 6. The Customer may object in writing within 30 days of receiving notification.
